Signed limited editions of fine art architecture photography.

Berlin. Sold directly by the artist — no gallery, no reseller, one person to deal with.

15, 20 or 25 per cent, by the number of prints

15 %
from the first print

20 %
from five prints

25 %
from ten prints

Counted across the whole project, not per motif. There is no minimum order — the 15 % applies to a single print.

What arrives

- An archival pigment print on Hahnemühle Photo Rag 308, signed and numbered by hand.
- A Certificate of Authenticity carrying the catalogue number.
- Framing on request, arranged through a Berlin framer at cost.
- Delivery to the office, the site or the installer, within the EU — about 14 days from order.

What does not

- No print-on-demand and no open editions.
- No licensing of the file as wallpaper or as a panel.
- No scale mock-ups or rendered visualisations.
- No sizes above 90 × 120 cm.

A project does not get its own edition

Trade orders are drawn from the same numbered editions as every other sale. There is no separate project run and no unnumbered second series. What hangs in your project is the same object a private collector buys.

Invoicing

I invoice as a small business under § 19 UStG, the German small-business rule, so invoices carry no VAT line. For a practice that reclaims input tax this means there is nothing to reclaim — the price you see is the full cost. Invoices are issued from Berlin, Germany.

Three steps, no application form

1

Brief. The room, the wall, the light, how many pieces.

2

Selection and quote. A shortlist with sizes and a fixed total.

3

Production and delivery. Printed, signed, packed. About 14 days from order.
